

## The Perceive: Recall: Plan and Perform System (PRPP) Intervention Workshop

Alabaster Room, Victoria Park Function Centre

Herston Rd, Herston - Brisbane

Monday 17<sup>th</sup> – Thursday 20<sup>th</sup> September 2012

9.00am – 4.30pm

The PRPP System is one of the Occupational Performance Model (Australia) assessment and treatment approaches. The PRPP Assessment is a valid and reliable two-stage, criterion-referenced tool that employs task analysis to identify problems with mastery of everyday tasks and information processing reasons for the difficulties observed. Four primary dimensions of information processing are considered: attention/perception, memory/recall, planning/problem solving and motor enactment. The interpretation of findings enables specific, measurable mastery and processing goals to be set.

Intervention using the PRPP approach to treatment aims to either improve or compensate for reduced mastery and information processing using an instructional approach that integrates various sensory motor, behavioural and expressive techniques within an occupation-focused framework.

The PRPP system is used in many settings by Occupational Therapists to assess children and adults of either sex and from any cultural background. It is a formal way of identifying and documenting what Occupational Therapists observe to be interfering with their clients' abilities to complete everyday tasks and routines.

**Aims/objectives** of the workshop include:

- A refresher on the PRPP Assessment
- the theoretical foundation of intervention and the PRPP intervention model
- An understanding of the relationship of PRPP Assessment data to intervention
- how to set measurable mastery and processing goals from assessment findings
- designing an intervention plan to promote mastery in:
  - attention and sensory gathering mechanisms
  - recall strategies
  - planning and problem solving
  - monitoring responses and performance
- an ability to measuring change

The workshop will include extensive use of case-based problem solving around video-taped examples of client performance to assist participants integrate their knowledge and skills.

This workshop is suitable for occupational therapists. Participants will need to have attended a 5 day PRPP Assessment workshop prior to attending the intervention workshop. Arrival tea/coffee, morning tea, afternoon tea and lunch provided.

### About the Presenters

**Dr Chris Chapparo** PhD, DipOT and **Dr Judy Ranka** PhD BSc (OT) MA (Educ & Work) are both widely recognised on an international level for their contributions to occupational therapy through teaching, research and community service activities. Dr Chapparo and Dr Ranka have co-authored the Occupational Performance Model (Australia).

Dr Chapparo has interests in cognition, management of sensory/ motor problems in children and adults and occupational therapy theory. Dr Chapparo is a founding member of Sensory Integration International and the Australian SI Faculty and she is a neurodevelopmental therapy instructor. Her research interests lie in the areas of children's information processing and social participation.

**Dr Judy Ranka's** research interests include ecological assessment of cognition in adults with neurological disorders, and effects of orthotic intervention on hand function and the immediate effects of physical guidance techniques on arm use. She is currently completing doctoral studies focused on investigating the effects of information processing disorders on every day task performance in men with HIV/AIDS dementia.

**Registrations** for this event are now open. Please see the registration form below. Please contact Zi Mei Events on (07) 3847 8375, [info@zimei.com.au](mailto:info@zimei.com.au) or visit our website [www.zimei.com.au](http://www.zimei.com.au) for further information.

## The Perceive: Recall: Plan and Perform System (PRPP)

### Intervention Workshop

Alabaster Room, Victoria Park Function Centre  
Herston Rd, Herston - Brisbane

Monday 17<sup>th</sup> – Thursday 20<sup>th</sup> September 2012

9.00am – 4.30pm

#### Workshop Participant Information

Name: \_\_\_\_\_ Occupation/ Position: \_\_\_\_\_

Organisation: \_\_\_\_\_

Address: \_\_\_\_\_

Town/Suburb: \_\_\_\_\_ State: \_\_\_\_\_ Post Code: \_\_\_\_\_

Phone: \_\_\_\_\_ Mobile: \_\_\_\_\_

Email: \_\_\_\_\_

Do you have any special requirements? (e.g. dietary requirements, access, etc.):  Yes  No

#### Payment Details

\$1125 (GST inc) **Early Bird Registration** (registration and payment received prior to 6<sup>th</sup> July 2012)

\$1350 (GST inc) **Standard Registration** (registration and payment received after 31<sup>st</sup> August 2012)

**Payment via Cheque/Money Order** (please make out to Zi Mei Events):

Cheque  Money Order  Bank Cheque

#### Payment via Direct Debit

Please include the **participant's name as the reference** when making a direct debit deposit

**ANZ Bank Account:** Zi Mei Events **BSB** 014 313 **Acc No** 485 291 802

#### Payment Via Credit Card

payment is available via credit card using Paypal facilities. Participants wishing to use this payment method will be emailed further information regarding payment. Please ensure correct email details provided above. Please note an additional service fee of 2.5% applies to all credit card transactions.

#### Please return Registration Forms to:

**Zi Mei Events**

PO Box 685

Stones Corner Q 4120

[info@zimei.com.au](mailto:info@zimei.com.au) or Phone/Fax (07) 3847 8375

#### Registration Confirmation

Workshop Participants will receive a confirmation email on receipt of their registration form and payment. The confirmation email will include further details with regard to access to venue and parking. If you have not received a confirmation email within 5 days of registering – please contact us so that we can confirm we have received your registration and payment. Please note that we are unable to guarantee a place on the workshop until both registration and payment have been received.

#### Registration Closing Date

Friday 31<sup>st</sup> August 2012
